

Who we worked with:

Metafour Ltd

www.metafour.com

When:

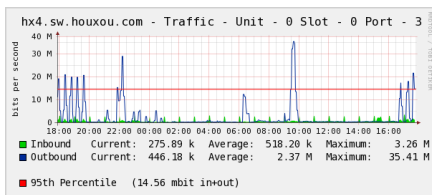

2000 – now

What we did:

Monitoring

A typical graph from one of our monitoring systems, in this case showing bandwidth usage over the last day

Consultancy & Strategy

Metafour develop Travel software and web applications for the courier business.

They first consulted us in 2000, when we supplied them and their customers with the first Business broadband in the UK, offering them a fixed IP address, so that they could have their servers in their office.

Our relationship continued with supplying broadband to their customers.

Co-Location

When the company needed secure server storage for their software applications, we had rack-space in the London Docklands.

Since then we have been in constant communication, advising them on their growing network, firewalls and monitoring their service.

We now host their servers in IP House, also in the London Docklands, and offer them resilience, and security advice as and when needed

Case Studies

Specific. Reliable. Tailored.

Bespoke

"Embarque is very user friendly, I can work my way around very easily and find just what I want. The client records show me everything I need. This is really going to help us move our business forward." Brenda Jaaback, Bartle Holidays.

When you know what you want but cannot find the right packaged solution to meet your business and operational requirements then ask about our Bespoke software development. Our expert team design and build software to exactly suit clients business requirements.

Bespoke solutions do not have to be an expensive option. A business that has defined its system objectives is already half way there.

We can design and develop quality solutions to meet your business needs and deliver these swiftly with all the necessary support and training.

For example, we have recently helped Exptel with their bespoke requirements. Apartment Services are bespoke clients who needed very specific business functions incorporated into their systems which we were able to deliver through out Bespoke team.

Contact sales@metafour.com or call 0207 912 2000 for more information on our Bespoke service.
