Extra detail

Motorbiketoday.com is an on-line magazine. It receives 6m hits per month, most of these from outside of the UK. Europe's most popular independent online motorcycle magazine with over 150,000 readers...

Consultation & strategy

The owners of Motorbikes Today wanted to set up an on-line Magazine for the biking communities.

We set them up as their own ISP, with e-mail, web and dial-up access during 2002.

Since then they have grown into a highly successful, and well-known on-line magazine.

Co-Location

We host their virtual server in our Docklands Data centre.
